Dear Sir:

Upon review of the data for the above-identified patent application in private Patent Application Information Retrieval (PAIR), which is available to customers via the U.S. Patent and Trademark Office website, the following errors were noted:

<i>Which</i> claims benefit of Provisional Application	60/100,914	09/17/1998	Abandoned

The continuity data appears in two locations on the PAIR web-site. A copy of the two PAIR web-site pages with the above corrections marked is enclosed.
